TOURISM SURVEY

General Data Protection Regulation

Your personal data is handled by STATEC, 13, rue Érasme, L-1468 Luxembourg, e-mail: tour@statec.etat.lu. Data collection is carried out on behalf of STATEC by its sub-contractor T.I.P. Marktforschung. STATEC is an administration under the authority of the Ministry of Economics. Nevertheless, it is scientifically and professionally independent, i.e. that STATEC sets its work plan in conformity to the national and European statistical legislation, and generates and disseminates its data in complete neutrality.

The processing is legal in the sense of Data Protection Regulation (EU) 2016/679, because it is necessary for the performance of a task carried out in the public interest. It is subject to STATEC's tasks, as described in the law of 10 July 2011 on the organization of the National Institute for Statistics and Economic Studies. Your personal data will be permanently deleted, at the latest 2 years after the collection.

During this time, your personal information will be kept strictly confidential. All the information collected by STATEC will be used only for statistical purposes and will not be distributed or disclosed in any way. Any STATEC employee or mandatory breaking statistical confidentiality will be subject to prosecution under the law. The STATEC has also taken various measures to guaranty the protection of your data, such as an optimized information technology and limited access to personal data for STATEC employees and mandatories.

Aim of the study

The survey aims to collect data on the tourism behavior of the population of Luxembourg and distinguishes between professional and private purposes. The questions refer to business and leisure trips with or without overnight stays, during the quarter prior the survey.

Mandatory participation

According to the law of 10 July 2011, participation in this survey is mandatory. Any failure to respond or intentional provision of wrong information may lead to a financial penalty. This legal provision aims to contribute to the quality of the statistics produced, by allowing STATEC to collect reliable data, which adequately represent the resident population.
